

TENARA TR™ PTFE UV THREAD

Now available from Bainbridge International, new TENARA TR style PTFE thread from W.L. Gore, Inc., is the latest addition to the Goretex/Tenara family of high performance sewing threads.

This outstanding new line was specifically designed to offer all of the advantages of the regular TENARA product, along with added translucence and improved "sewability".

TENARA TR style PTFE thread is suitable for both Awning and Marine applications and is now available at both locations.

TENARA TR is also now available in: Neutral Grey
White
Black
Colors
